Longsheng Musical Instruments is a manufacturer integrating R&D, production, sales, and service, with a focus on crafting quality guitars. Founded in 2003, the company has established a comprehensive system for production standardization and product quality tracking. It has also consistently adhered to its core tenet: "Survive by quality, thrive on reputation, and prioritize customers."

"Ramis" is a brand forged through our independent R&D and meticulous refinement. We will carry forward the timeless aesthetic legacy of music history, and strive to open a glorious new chapter in the new era.

A close-up photograph of a classical guitar, showing the fretboard, strings, and the body. The body is made of light-colored wood with a dark, patterned binding around the soundhole and the edges. The background is dark and out of focus.
